Re: Letter of support

Dear Ms. Williams:

This is a letter in enthusiastic support of Aloha Harvest's request for funding to expand your operations by increasing the hours of operations, and conducting outreach and education to potential food donors.

We receive food donations from Aloha Harvest, and this helps us in our work to feed the hungry. We provide food to dozens of low income individuals in need of support, and the food provided by Aloha Harvest, free of charge, enables us to stretch our budget so that we can do more with less.

Over the years, Aloha Harvest has provided food support for our after-school programs, community-based families and our scholarship program for our Little Brothers and Sisters.

We appreciate the partnership with Aloha Harvest, and urge your support of their important work.

Sincerely,

Nate Fong
Program Events Coordinator/
Community Liaison
