To: Aloha Harvest

Fr: Once A Month Church

Dear Aloha Harvest:

I want to thank your organization for its tremendous blessing to the North Shore community. It has been our pleasure to distribute the food that is given to us to the poor and needy in our community for the past year. Often, the food that is delivered to our office is consumed by hungry souls within one hour after delivery. None goes to waste. Often, the food is distributed to families with children. The food that Aloha Harvest gives to us helps to fill empty stomachs and puts a smile on many faces.

The food we receive from Aloha Harvest is nutritional, tasty, and still fresh. As I mentioned, within an hour after being delivered to us those who sometimes haven't had a nutritious meal in several days, including children consume the food.

I need to mention that the driver and his helpers are always with a smile and very cordial. I appreciate this great partnership in helping the needy and disadvantaged in our community.

My only wish is to receive more food products more often. Please keep us in mind. The problem of hunger is increasing on Oahu's North Shore. I'm so glad that Aloha Harvest is part of the solution.

Aloha...
